INTRODUCTION

Pivot Engineering Limited (PEL) organized by a group of professional engineers, initiated at 2007 but incorporated in April 2009 under the company act of XVIII 1994 and started immediate functioning in the field of extensive engineering consultancy for the sector of Energy, Water, Heat, Fabrication, Erection & Installation. Since then it has never looked back and has grown and diversified into a multi-tasked civil, mechanical, electrical & industrial engineering organization.

PEL has become a full-fledged Engineering Company comprised of graduate engineers of various disciplines mostly from BUET/CUET/RUET and also very experienced diploma engineers and technicians. All of the Engineers and technicians have enriched their technical skill by the professional training & experience in the related fields in addition to their brilliant academic background. Our principal business activities extended already into energy saving projects in power plant sector and environment friendly projects. To fulfill the Moto of Green Bangladesh, we have successfully executed some EPC and turn-key project on waste heat recovery.

PEL is well equipped & facilitated with engineering workshop at suburb of Dhaka. It can handle the fabrication work of mild steel (MS), cast iron, galvanized iron (GI), copper, PVC and even critical jobs of different graded low carbon stainless steel (SS).

PEL is fully equipped with manpower, software's and tools to execute efficient design & drawing of various projects and undertake erection works as well by latest fabrication facilities, dedicated customer service team having superb capability.

PEL is committed to grow in Bangladesh with more stringent quality controls and better customer service and to establish itself as an exclusive brand through its quality management system conforms to ISO9000.

Company Vision

- To Conglomerate as a complete engineering solution provider focusing on green technology for cleaner environment maintaining optimum quality level and price.

Company Mission

- To be the market leader in Bangladesh, in the field of Cogeneration, WTP, ETP and Energy/heat recovery projects by 2021.
- To forecast on green technology in Bangladesh by 2021.
- To train up 15 employees every year as a part of human resource management development.
- To build an image for quality EPC/turnkey contactor by 2021.
- To achieve 10% sales growth every year.
- To establish customer service department (CSD) by 2021 in order to achieve maximum customer satisfaction.

International Business Associates with PEL

- ❑ **Greens Power Ltd., UK:** The mother company is Greens, UK established in the year 1833. Inventor of economizer at 1845, EGB & HRSG maker and an expert EPC player for thermal and power engineering project.
- ❑ **GP Green Energy Systems PVT. Ltd, Pune/Kolkata, India:** A professional company on waste to energy, heat recovery system, energy saving projects.
- ❑ **Soon Ngai Engineering Sdn. Bhd, Malaysia:** Providing highly functional equipment, media and engineering system for water & waste water treatment plant.
- ❑ **Tremendous Industries SdnBhd, Malaysia:** A water management company provides complete solutions for domestic, commercial and industrial water treatment system.
- ❑ **ROSS Boiler, India:** A manufacturer of Thermic Fluid Heater (Thermal Oil Boiler), Hot Water Boiler/Generator and solid fuel boiler (Husk, Coal, wood, agro-waste, saw dust)
- ❑ **TrunDean Machinery Co. Ltd., Taiwan:** A professional manufacturer of industrial roots blower for effluent treatment plant.
- ❑ **Nanfang Pump Industry Co. Ltd., China:** Manufacturer of wide ranges of pumps for all applications (Domestic, Commercial & Industrial)
- ❑ **Aktes Boiler, Turkey:** Manufacturer of oil & gas fired packaged steam boiler.
- ❑ **Lenntech, Netherland:** Exclusive water treatment technology like DM plant, EDI etc.
- ❑ **Macroprocess, China:** Purified water (PW), Water for Injection (WFI), Pure Steam (PS), clean room & HVAC for pharmaceuticals applications.
- ❑ **PUMA, Turkey:** Air Compressor of all applications.
- ❑ **Chiwatec, China:** Water treatment, waste water treatment, sewerage water treatment specially designed for GREEN projects (Platinum/Gold category LEED commercial or industrial projects).
- ❑ **SKODA/NTC, China:** Steam Turbine of all applications.

- ❑ [Qingdao Xinguangzheng Steel Structure co. LTD, China](#): Founded in 1996,has been specialize in designing and manufacturing steel structure buildings, steel structure workshop, steel structure warehouse, aircraft hangar, prefab house and container house.
- ❑ [Iking, China](#): IKING GROUP established in 1995, a leading manufacturer and exporter of Glass Wool Blanket, Glass Wool Board, Rock Wool Board, Rock Wool Blanket, Rubber Foam Pipe, Rubber Foam Insulation & Insulation related accessories in China.
- ❑ [Shanghai Guangdian Electric Group Co. Ltd., China](#): Established in 1986, rank the top PTD industry in Shanghai. Main products are Indoor A.C. Metal-Clad Enclosed Switchgear, Gas insulation switchgear, Laser welding, Automatic helium leak detection device, LV Extraction type switchgear, Circuit Breaker, M-PRO Trip Unit, AC/DC Cubicle, Paralleling Inverter, Cast Resin Dry-Type Power Transformer, etc.
- ❑ [Hebei Shengtian Pipe Fittings Group Co. Ltd , China](#): Established in 1989.Main products are Carbon steel Pipes, Stainless steel pipes, Elbow, Tees, Bends, Reducers, Caps, Flanges and Sockets etc.
- ❑ [Shenzhen Minle Pipe Industry Co. Ltd, China](#): This company is specialized in various thin-wall stainless steel products like stainless steel water supply pipe, pipe fitting, stainless steel drainage-pipe, plastic covered stainless steel pipe and valve components etc.
- ❑ [Kinglai Hygienic Materials Co. Ltd, China](#): Kinglai is a world renowned complete source for specialized fittings and tubing required in food, dairy, beverage, biotechnology and pharmaceutical application.
- ❑ [Leo Swan Industrial Pump Co. Ltd, China](#): Leo Swan is the first listed company in China's pump industry. one of the pinpoint manufacturers that are appointed by National Power Consultation Co., Ltd. for large capacity pumps.
- ❑ [Spirax Sarco, India](#): Founded in 1888, Largest manufacturer of all kinds of Steam accessories. It provides engineered solutions for the design, maintenance and provision of efficient industrial and commercial steam systems.

Local Business Associates with PEL

1. Nipobon Real Estate Limited:

- Development of apartment buildings, commercial building etc.
- Construction of industrial projects specially for ETP and WTP tanks and machine foundations.
- Steel Pre-fabricated building works.
- Plumbing, sanitation, drainage, boundary walls etc.

2. Transtech Technologies Limited:

- Designing of electrical works for residential, commercial and industrial projects.
- Designing, Supply, installation and commissioning of building wiring, earthing, lighting etc. system
- Designing, supply, installation of various kinds of electrical panels, breakers, MDB/SDB, BBT, cable tray etc.
- Cable and cable tray laying, termination etc.

Call PEL For

- Projects, Co-generation, tri-generation, secondary generation and combined
- Project planning and Turn-key Erection & installation jobs
- Industrial project layout planning.
- Energy auditing and thermal engineering solutions.
- Energy recovery system/ energy conservation system.
- Industrial erection and fabrication jobs especially in any kind of power plant.
- Designing of utility (Hot Water/cold water/Air/oil/steam/gas/power etc.) network system for industries.
- Water treatment system (WTS).
- Effluent treatment plant (ETP) and Sewerage Treatment Plant (STP).
- Project Commissioning, Repairing and After Sales Service of Steam boiler/Thermo-oil boiler/ Hot water Generator.
- Fabrication of Engineering items like pressure vessels, water/air/oil/chemical tanks, chimney, heat exchangers.
- Consultancy on ISO 9000-2008, ISO 14000, IEE/EIA reporting.
- EPC of Auto Bricks plant, Cottage & CNG filling station.

Specific experience profile of Biomass/Waste Heat Recovery Steam/Power Generation Plant:

- Supply, installation and commissioning of various kinds of valves and instruments at Jhulda **100 MW HFO Power Plant**, Chittagong. (Acron-BanglaCAT).
- **Detail engineering and mechanical erections works** of RPCL 50 MW HFO Power Plant, Kodda, Gazipur. (CPCL-RPCL).
- **Cable Termination work and commissioning** at 200MW Bangla Trac Power Plant, Daudkandi, Comilla.
- **Scopes at RPCL 54MW HFO Power Plant:**
 1. Detailing of Basic layout and P&I diagram provided by Wartsila for their 6 nos HFO engines (Model: 20V32GD) and auxiliaries.
 2. Leveling and alignment of engines and auxiliaries.
 3. Laying, supporting, fabrication, fitting, fixing, erection and testing (DPT & hydro) of piping system for
 - HFO fuel system
 - LFO fuel system
 - Lube oil system
 - Compressed air system
 - Steam & condensate system
 - Raw water, DM Water & oily water system
 - Exhaust stack, duct with supports and structures
 - Radiator & charge air platform
 - Ladder and walkway inside and outside engine hall.
- Turn-key contracting of **10 MW Bio-Mass Co-generation Project** of Pabna Power Ltd (AR Group-Pabna). This will be the biggest automatic rice mills project with self-power generation facility through its by product (rice husk) under construction.
- EPC contracting of **3.3 MW Secondary Power Plant** based on waste heat sources of a **50 MW HFO Baraka Power** at Patenga, Chittagong with association of Greens Power Ltd, UK.

Scopes:

- Exhaust Gas Boilers & HT water heat exchangers.
 - EGB structures.
 - Steam Turbine set with condensing and cooling unit.
 - Water Treatment Plant (Pre-treatment, DM & RO).
 - Auxiliary/start-up Boiler Plant.
 - Internal piping, automation & communication system.
- Turn-key contracting of **Waste Heat Recovery Hot Water System** at Square Hospitals Ltd., Panthapath, Dhaka.

Scopes:

- Waste Heat Recovery Hot Water Boiler on CAT G3512 engine.
 - Calorifiers
 - Electric boilers
 - Hot water circulation pumps
 - Hot water distribution piping (Copper pipes of different sizes)
- Designing, supply, installation and commissioning of **Balance of the Plant (BOP) of 16 MW cogeneration plant** at United Ashuganj Energy Ltd 200MW Modular CCPP.

Scopes of works at UAEL-200MW/16 MW Cogen:

- Installation of Boilers
 - Installation of Steam Turbine Package
 - Supply, installation & commissioning of DM Water plant.
 - Supply, installation and commissioning of Condenser cooling water system which includes 7x1000 m³/hr pumps, 1200 mm dia FRP piping etc.
- Supply, installation and commissioning of **6 TPH Husk Boiler of JN Industries**, Dupchachia, Bogra. The unit was complete with Economizer, Air Pre-heater and Mechanical Dust Collector (MDC).
- Supply of **Economizers** for Steam Boilers (4 sets) at **Envoy Textiles**
- Supply of **Waste Heat Recovery Boiler** (1 set) at Chaity Composite Textiles Ltd.

- Designing, supply, installation and commissioning of **Balance of the Plant (BOP) of 2x6.6 MW cogeneration plant** at United Mymensingh Power Ltd (200MW HFO Power plant with co-generation).

Scopes of works at UMPL-200MW/2x6.6 MW Cogen:

- Installation of Cooling Towers- 4 cells.
- Cable & cable tray laying & termination of boiler, STG & cooling system.
- Supply, installation & commissioning of DM Water plant.
- Supply, installation and commissioning of Condenser cooling water system which includes 5x1275 m³/hr pumps, 900 mm dia cooling piping etc.

Installation and commissioning of **Balance of the Plant (BOP) of 1x6.6 MW Cogeneration plant** at Orion Rupsha Power Ltd (115MW HFO Power plant with cogeneration).

Scopes of works at Orion Rupsha Power Plant-115MW/6.6 MW Cogen:

- Installation of Boilers
- Installation of Steam Turbine Package
- Supply, installation & commissioning of DM Water plant.
- Installation of cooling tower.

- EPC contracting of **2x3.15 MW Secondary Power Plant** based on waste heat sources of a 113 **MW HFO Confidence Power** Rangpur Ltd at Pairabond, Rangpur with association of **Greens Power Ltd, UK.**

Scopes:

- 16 sets Exhaust Gas Boilers & HT water heat exchangers.
- 1 lot EGB structures, ladder & platform
- BOP of 2 sets Steam Turbine set with condensing and cooling unit.
- Water Treatment Plant (Pre-treatment, DM & RO).
- Auxiliary/start-up Boiler Plant.
- Internal piping, automation & communication system, SCADA etc.

EPC EXPERIENCE ON NON-POWER PROJECT:

- **RAJSHAHI AUTO BRICKS LIMITED:** PALOPARA, NOWHATA, RAJSHAHI

PRODUCTS: CLAY BRICKS

TECHNOLOGY: HHK (ENERGY & ENVIRONMENT FRIENDLY)

CAPACITY: 50,000 PCS/DAY.

- **NB CNG Filling Station:** Kechuatoil, Rajshahi
580 m³/hr capacity
- **Supply, installation & commissioning of WTP, WWTP, STP, DWP, Rain Water Harvesting, Plumbing System, Drip Irrigation System, Solar Water Heating System** etc. at Saiham Tower, Gulshan-1, Dhaka. It is a LEED-Platinum building.
- **Commissioning** of Electrical system, Steam system, Flue system, Compressed Air system, HVAC system, Fuel system, Heat Recovery system, Cold water system, ETP & STP, Fire Alarm & Fighting system, Lightning Protection system, Earthing system etc. at **British American Tobacco**, Savar, Bangladesh.

Pharmaceuticals Projects:

WTP, PW System:

- ACI Healthcare Ltd., Sonargaon, Narayanganj.
- Beximco Pharma Ltd. (3rd Unit), Tongi, Gazipur.

Green projects (water & waste water system, Leed platinum/gold nominated):

- Saiham Tower, Gulshan Avenue, Dhaka.
- BTI Landmark Tower, Gulshan Avenue, Dhaka.

Air compressor:

- ACI Healthcare Ltd., Sonargaon, Narayanganj.

Industrial Services (Utility) System:

- Beximco Pharma Ltd. (3rd Unit), Tongi, Gazipur.

(Compressed Air System, Tower & Chilled Water System, Water Supply system, Steam & Condensate System, HVAC system, Lab Gas System etc.)

Water Treatment Systems

PEL provides water treatment solutions for all type of applications, from domestic equipment to industrial turnkey plants. Our wide range of technologies and extended know-how in all water-related sectors will guarantee you a cost-efficient solution meeting your water quality requirements. WTS product range includes:

- Oxidation chamber
- Multimedia filter
- Sand filter
- Iron filter
- Carbon filter
- Water Softener
- Reverse osmosis system
- Micron filter
- Drinking water plant
- Demineralization plant
- Electrical Deionization Unit
- UV & Ozone Generator
- Aeration system
- Clarifier
- Purified Water System

Engineering Fabrication

We are one of the trustworthy service providers of an array of Fabrication Works. We have team of qualified professionals for the timely execution of all the services using high grade raw material. Our services are meticulously planned before their commencement and valued for their reliable & long serving life.

- Pressure vessel (ASME stamped or non-ASME)
- Air receiver tank
- Heat exchanger (process HE/economizer/Pre-heaters)
- Any kind of tank (air/water/oil)
- Other fabrication works provided design or sample is available

Boiler & Boiler Room Engineering

PEL do the work of supply, installation, commission of various types of Boiler from internationally renowned boiler manufacturers like Ross, Aktes, Greens, M.E. Energy etc. Besides, we do all the piping, ducting work related to boiler and boiler room.

- Water tube steam boiler
- Fire tube steam boiler
- Tubeless steam boiler
- Hot water generator
- Thermic oil heater
